

# CITY PRIDE

## Functions and Private Parties

### The Sofa Bar & Balcony

Sitting on the first floor of the City Pride is the Sofa Bar. It offers stunning views across Canary Wharf and the Docklands, with a balcony that looks over the garden. Aptly named, the sofa bar comprises of comfy brown leather sofas & coffee tables, offering a warm relaxed environment for your event. It also boasts its own pool table that can be left out or converted in to a table clearing more space for your guests. The balcony on the first floor has its own heat lights so can be used on those slightly chillier nights; also useful for the smokers.

### Downstairs at City Pride

With three raised areas at City Pride, the downstairs converts well into private areas for smaller events. The areas can be converted into mini function spaces at any time of day. We will set up buffet tables and suitable seating within the areas. Each raised section holds around 30 – 40 people. Platter menus offer a large choice of nibbles for your guests to balance those after work drinks.

### Al Fresco in the Garden

Areas can be set up in the garden as well for private parties. We offer an outdoor BBQ and bar for speed of service and to create a relaxed Al Fresco experience. Areas in the Garden can cater for up to 150 people, but beware of the weather – with the Great British Summer you may be forced inside, however we can still provide an indoor BBQ and just as much fun!

Check out our website at [www.citypride.co.uk](http://www.citypride.co.uk) for photos of the venue. We can cater for themed parties as well with menus to suit.
